

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-473 and 731-TA-1173 (Second Review)]

### Potassium Phosphate Salts from China

#### DETERMINATION

On the basis of the record<sup>1</sup> developed in the subject five-year reviews, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing duty order and antidumping duty order on potassium phosphate salts from China would be likely to lead to continuation or recurrence of material injury to U.S. industries producing dipotassium phosphate and tetrapotassium pyrophosphate within a reasonably foreseeable time.

#### BACKGROUND

The Commission instituted these reviews on November 2, 2020 (85 FR 69352, November 2, 2020) and determined on February 5, 2021 that it would conduct expedited reviews (86 FR 29288, June 1, 2021).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on June 30, 2021. The views of the Commission are contained in USITC Publication 5208 (June 2021), entitled *Potassium Phosphate Salts China: Inv. Nos. 701-TA-473 and 731-TA-1173 (Second Review)*.

By order of the Commission.

Issued: June 30, 2021.

**Lisa Barton,**

---

<sup>1</sup> The record is defined in § 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).

*Secretary to the Commission.*
